

Broken Hands

The Family Ruin

If you push, you pull; you'll tear this thing apart
The dream is only dead when there's no beating in your heart
You think I'm out of touch, I'm out of time
Maybe you should stop before you cross the line
I've no patience for a closed mind
If there's one thing I've learnt, one thing I'd say to you
If I had a second chance here's exactly what I'd do
I'd take it with both hands and run 'til I made it
We gave our all
All we need is a second chance to prove it all to
you
We will take this chance with broken hands
And push 'til we make it through
All we need is a second chance to prove it all to you
We will take this chance and push 'til we make it through
If you push, you pull; you'll tear this thing apart
The dream is only dead when there's no beating in your heart
And I was oh so sure this was the end
Then we find another glimmer of hope;
And what do you know this is only the thing that we've been hoping for the most
So there's one thing we've learnt, one thing we'd say to you
Now we've got this second chance here's exactly what we'll do
We'll take it with both hands and run 'til make it
Forgive me for being such a sceptic
But I'll keep my feet on the ground for now
Fate has not always been the kindest to me
All we need is a second chance to prove it all to you
We will take this chance with broken hands
And push 'til we make it through
All we need is a second chance to prove it all to you
We will take this chance and push 'til we make it through
I'll scream at the top of my lungs so you hear
Every pained word I've got to say
Cause it's not for the want of trying to be
Everything that I've ever wanted to be
Tonight we gave our all
All we need is a second chance to prove it all to you
We will take this chance with broken hands
And push 'til we make it through
All we need is a second chance to prove it all to you
We will take this chance and push 'til we make it through
If you push, you pull; you'll tear this thing apart
The dream is only dead when there's no beating in your heart
