

Don't Let Go

Snoop Dogg

Uh.

Yea.

(don't let go)

Life, life

(don't let go)I'm the coldest of the coldest, the dopest of the dopest

The smoothest of the smoothest and locest of the locest

The whole world on point for this new joint that I just put together

So kindly, and you can find on the coast with the most lambs

High post, plain coast with a bunch thug niggas, drug dealers

Project fools, c-murder past dem tools

Shit I'm bout to make these motherfuckers get up

I draw the line between yours and mine

And make sure you don't get lit up

Hit ha on the motha fuckin set when dip

Dogg pound mutha fuckin gangsta crew

Split wigs for a livin everydays thanksgiving

Mutha fuck y'all rides, we slides we dippin

Nigga the tanks, driven by the colonel mr. master p

Lil silkky, mystikal, c and me and fiend

Nigga don't be trippin, you got my lil homie in the cut

That soulja slim nigga , he known for dippin Wassup

(don't let go)

If you love ta bang bang

And the rap game is just like the dope game

The minute you forget it, forget it you finished

Them niggas know when you ain't with it

Thats when they get ignent(don't let go)

Like a twista, like a twista, get twisted with this

It seems it's on, but it's off, I keep missin this shit

I'm high but I try to stay focused wide eye

Lookin dead at the chips, I blink, they dip

(don't let go)

Like a twista like a twista get twisted with this

It seems it's on but it's off I keep missing this shit

I'm high but I try to stay focused wide eye

Lookin dead at the chips, I blink, they dip

(don't let go)

It's worth to hang on for life

For life (don't let go)

Its worth the hang on (don't let go)
