Sexy

Peter Cincotti

If you're ever in a situation when you need a friend, she won't be there.
You could be on your knees and screaming out her name, and let me tell you, she don't care.
She'll leave you high and dry and then she'll kick you when you're down.

Walk away.
Blow a kiss.
Yeah, that girl is heartless,

But she's sexy.
What can I say?
She's just sexy,
And she's sexy in every way.
She's so sexy.
Just get me near those lips,
And leave me in her hands.
Yes, she's sexy.
She's a habit I should quit, but I just can't.
She's too sexy.

It doesn't matter what the women tells you, I could promise you it ain't the truth.
But she's knows what to say to get thinking that she's sweeter than a Baby Ruth.
She'll look you in the eye and she'll lie right through her teeth.

Play your heart,
Like a drum.
I know she's a problem,

But she's sexy.
What can I say?
She's just sexy,
And she's sexy in every way.
She's so sexy.
Just get me near those lips,
And leave me in her hands.
Yes, she's sexy.
She's a habit I should quit, but I just can't.
She's too sexy.

Sexy.
She's so sexy.

She's too sexy.
Just get me near those lips,
And leave me in her hands.
Yes, she's sexy.
She's a habit I should quit, but I just can't.
'Cause she's too sexy.
Yeah, She's too sexy.
Yes, She's so sexy. (Sexy)
Just get me near those lips.
Just get me near those lips.
'Cause she's sexy.
Ooh!
She's too sexy.
