Country

Warm Toy Machine

This heres the epic talea broken mind
This here
This heres the epic tale, a broken mind
This here
This heres, the epic tale
This heres, the epic taleI, Ill be by your side
And Ill, be by your sideI hear my thoughts, I hear them clear
Into my mind, into my dreams
Who is this in my head, save me
Untie my hands
Untie my feet
So I might fly away
So I might fly, I might flyThis heres the epic tale, of a broken mind
This, this heres the epic tale
This heres the epic tale of a broken mind, ohhhh
This heres the epic tale
This heres the epic tale of a broken mind (broken mind)
This heres the epic tale (epic tale)I, Ill, be by your side
And Ill, be by your sideLike clouds under my feet
Im trying not to sink,
Not to feel, like Im stuck
In this space, Im just me
Im just so much more
So much more, so much
Im so much more
I feel Im so much moreOne day Ill tell the tale of how I lost my mind
One day Ill live to tell the tale
One day Ill tell the tale of how I lost my mind (one day)
One day Ill live
One day Ill live to tell the tale of how I lost my mind
One day if I live
One day if I live, Ill tell the tale of how I lost my mind
One day if I liveI, Ill be by your side
And Ill, be by your sideIll be, Ill be, Ill be, Ill be by your side
Wont go nowhere, Ill stay right here by your side
Ill be, Ill be, Ill be right here by your side
Wont go nowhere, Ill stay right here
Be, Ill be, Ill be right here by your side
Wont go nowhere, Ill be right here by your...Lost my mind

Cant seem to find it, but Ill be here
But Ill be here though (but Ill be here though)
