

# Let's Take a Shot

## Gloriana

Girl, you've got my heartbeat  
Beatin' right through my t-shirt  
Yeah the way you're lookin' at me  
I see you dancin' with your drink in your hand  
Rockin' with the band  
Yeah, thinkin' what's it gonna be now baby  
Wanna get crazy, we can stay out all night or maybe  
We can get gone so we can be alone  
Tell me what you want  
(Come on, come on) Yeah, let's take a shot  
It don't matter if it's love or not  
Yeah, let's give it all we've got  
Baby don't stop (come on, come on)  
Yeah, you know you wanna kiss me  
It's getting hotter than fireball whiskey  
Yeah ready or not, (come on, come on)  
Let's take a shot, yeah  
Let's take a shot  
Take a shot oh baby Boy I see that smile from across the bar  
Lightin' that spark  
Come on over to me lookin' like  
You wanna roll the dice  
Don't think twice  
Tell me what's it gonna be  
Now baby, wanna get crazy  
We can stay out all night or maybe  
We can get gone so we can be alone  
Tell me what you want  
(Come on, come on) Yeah, let's take a shot  
It don't matter if it's love or not  
Yeah let's give it all we've got  
Don't stop  
(Come on, come on)  
Yeah, you know you wanna kiss me  
It's gettin' hotter than fireball whiskey  
Yeah, ready or not  
(Come on, come on)  
Let's take a shot  
Yeah

Let's take a shot  
Take a shot  
Yeah Here comes the last call,  
Here comes the lights  
It don't mean we've got to call it a night  
Yeah baby we've got a real good buzz  
Let's keep it going till the sun comes up Yeah, let's take a shot  
It don't matter if we're drunk or not  
Yeah let's give it all we've got  
Don't stop  
(Come on, come on)  
Yeah you know you want to kiss me,  
It's getting hotter than fireball whiskey  
Yeah ready or not  
(Come on, come on)  
Let's take a shot  
Take a shot  
Yeah  
Ready or not, ready or not  
Let's give it all we've got  
Let's take a shot  
Take a shot
