

Beautiful Smile

[DJ Sammy](#)

My love is like a turning wheel
It is spinning, spinning around
Waking up to see your beautiful smile
I know every second countsMy love is like a turning wheel
It is spinning, spinning around
Sunny days and I call your name
I'd do anything just for your loveMy love is like a turning wheel
It is spinning, spinning around
Waking up to see your beautiful smile
I know every second countsMy love is like a turning wheel
It is spinning, spinning around
Sunny days and I call your name
I'd do anything just for your loveJust for your love
Just for your loveAnd if I stumble
And if I fall
Will you help me?
Help me back on the groundWhen I'm confused
And afraid of the dark
Will you hold me tight
And show me all of your love?If I fall
My love is like a turning wheel
It is spinning, spinning around
Waking up to see your beautiful smile
I know every second countsMy love is like a turning wheel
It is spinning spinning around
Sunny days and I call your name
I'd do anything just for your love
