Night By Night

Chromeo

I know, inside of me
Sooner or later, we gon' to be free
C'mon girl, don't make a fuss
Let's have a conversation that's not just about us
When you don't know which way to go
And it doesn't really matter what we do
There's gotta be one good way to know
If all this is worth it we can work it night by nightShe says I'm not romantic
I say she's too dramatic
I tell her while we're at it we can work it night by night
She says I'm not romantic
I say she's too dramatic
I tell her while we're at it we can work it night by nightNight by night
Night by night
Night by nightI know, inside of me,
If I wait a bit longer, well she was meant to be
Come on girl, we can't be apart
A special kind of lovin' reaches right to my heartWhen you don't know which way to go
And it doesn't really matter what we do
There's gotta be one good way to know
If all this is worth it we can work it night by nightShe says I'm not romantic
I say she's too dramatic
I tell her while we're at it we can work it night by night
She says I'm not romantic
I say she's too dramatic
I tell her while we're at it we can work it night by nightNight by night
Night by night
Night by night
Night by nightNot romantic, too dramatic
We can work it night by night
Not romantic, too dramatic
We can work it night by night
Not romantic, too dramatic
We can work it night by night
Not romantic, too dramatic
We can work it night by nightShe says I'm not romantic
I say she's too dramatic
I tell her while we're at it we can work it night by night
She says I'm not romantic

I say she's too dramatic
I tell her while we're at it we can work it night by night
