

Skeleton Move (feat. Zanda Zakuza)

Master KG

No matter where you go
remember the road that will lead you home
No matter where you go
remember the road that will lead you home
that will lead you home
that will lead you home
remember the road that will lead you home
No matter where you go
remember the road that will lead you home
No matter where you go
remember the road that will lead you home
that will lead you home
that will lead you home
remember the road that will lead you home
