

# Spokesman

## Goldfinger

What happened to dignity  
Did it go away again  
Just like some worn out trend?  
Will I still defend emotions? What happened to honesty?  
I don't see it in the top ten  
I only see it in what has been  
'Cuz I still defend devotion Am I alone? Don't wanna rest  
I don't wanna breathe  
When I wanna hear about life  
Don't wanna hear a spokesman I don't wanna test  
I want to believe  
The goddamn singer wrote the song  
Don't wanna hear a spokesman What happened to integrity?  
I don't see it on MTV  
All I see is choreography  
And I'll never be a dancer What happened to puberty?  
Bad skin and insecurity?  
And who the fuck is Felicity?  
'Cuz I got problems of my own Am I alone? Don't wanna rest  
I don't wanna breathe  
When I wanna hear about life  
Don't wanna hear a spokesman I don't wanna test  
I want to believe  
The goddamn singer wrote the song  
Don't wanna hear a spokesman Don't wanna rest  
I don't wanna breathe  
When I wanna hear about life  
Don't wanna hear a spokesman I don't wanna test  
I want to believe  
The goddamn singer wrote the song  
Don't wanna hear a spokesman I don't wanna rest  
I don't wanna breathe  
When I wanna hear about life  
Don't wanna hear a spokesman
