Forgiver

Citipointe Live

[verse1]
I hear your voice
Like a gentle whisper
It's got in the way

[verse2]
Each time I fall
I know You'll be there
To pull me through

[prechorus]
I won't forget
The sacrifice You made
I will not turn away

[chorus]
Forgiver
I'm lost within Your loving arms
My Saviour
Your love has made a way for me

Forgiver
You chose to die so i could live forever
Your love has made a way
Your love has made a way

[bridge]
We will declare that You are God
And Your salvation is for all
sins forever washed away
by Your grace
we are saved
by Your grace
We are saved
