

Nine Is God

Wavves

A bullet in his head
finally
picking through the lead
who knows
anxiety
so one more in his eye
and now i can breath
just push him off the ledgeone is nine
nine is two
holy god and holy truth
nine is god
nine to come
nine to breath inside your lungsone is nine
nine is two
holy god and holy youth
nine is god
nine to come
nine to feelA bullet in my head
finally
picking through the lead
who knew
that's inside of me
so one more in my eye
and now I can see
just push me off the ledgeone is nine
nine is two
holy god and holy truth
nine is god
nine to come
nine to breath inside your lungsone is nine
nine is two
holy god and holy you
nine is god
nine to come
nine to breath inside your lungs
your lungs
your lungs
your lungsYour lungs
Your lungs

your lungs
your lungsYour lungs
Your lungs
your lungs
your lungs
