# Pay No Mind

## Beach House

Pay no mind
It takes time
What's that you sayDown the hall
I heard a song
Who knows
Drifting awayBaby at night when I look at you
Nothing in this world keeps me confused
All it takes, look in your eyes
All of me
Is to tow the waste
What's that you say
It's going awayIt's painful but
You do what you must
Takes time to knowBaby at night when I look at you
Nothing in this world keeps me confused
All it takes, look in your eyes
Who knows if there're roses in heaven
Let go of that empty feeling
Not dumber just a little bit older
Kiss of love couldn't be much colder
