

Presence Beautiful

Daniel Thornton

I will always call Your presence beautiful
Everything about Your presence holy
I will not become so familiar
That I lose this wonder and awe I will always call Your presence beautiful
Everything about Your presence holy
Every day I look I'm finding something new
I want to hear all You say Jesus
I wait, I wait for You to speak to me
I wait Creator King, I worship You
This song I sing to worship You
My life I bring to worship You
