Enjoy The Ride

Kate Voegele

Tell me where'd the day go
I'm lying wide awake wondering
How it escaped, the sun gone away
Lately there's a part of me
Thinking soon enough
I'll be ten more years old
The next thing I know
Well, I'm not about to let that happen
Call me drastic and old fashioned
I think it's time that we take
A drive down the scenic route
Baby, sitting round here, talking 'bout it
Well, it doesn't count
Can we slow down
And just take our time?
Close our eyes
And just enjoy the ride
I remember last year I told myself
I'd take every picture and chance
Like each day was my last
Well, it's easy saying things like that
But life has got a way
Of distracting your dreams
And handing you worries
I'm not about to let that happen
Call me drastic and old fashioned
I think it's time that we set our sights
On the here and now
Baby, sitting round here, talking 'bout it
Well, it doesn't count
Can we slow down
And just take our time?
Close our eyes
And just enjoy the ride
Just enjoy the ride
Well, I think it's time that we take
A drive down the scenic route
Baby, sitting round here, talking 'bout it
Well, it doesn't count

Can we slow down
And just take our time?
We slow down
And just take our time
We just enjoy the ride
Just enjoy the ride
We just enjoy the ride
Just enjoy the ride
We just enjoy the ride
