## **Everything Changes**

## **Kathy Troccoli**

Well You came in my life like a ray of light
Shining through the clouds in my heart
I just looked at You and the world was new
It was right, right from the startYou came to me with a love so sweet
And I'll never, never ever be the sameEverything changes
Nothing looks the same through the eyes of love
Everything changes

When you love some, love some, love someone
Everything changesThought there never would be anyone for me
Then You came and changed everything

Now I shine like new because I've got You

Oh, ain't love a wonderful thingYou took my blues made them yesterday's news

And I'II never, never ever be the sameEverything changes

Nothing looks the same through the eyes of love

**Everything changes** 

When you love some, love some, love someoneEverything changes Standing in the light of a bright new sun

Everything changes

When you love some, love some, love someone

Everything changes, everything changes I'm looking around me and I'm loving what I see 'Cause I found somebody, somebody who loves me You came to me with a love so sweet

And I'll never, never ever be the sameEverything changes

Nothing looks the same through the eyes of love

Everything changes

When you love some, love some, love someoneEverything changes Standing in the light of a bright new sun

Everything changes

When you love some, love someoneEverything changes Nothing looks the same through the eyes of love

**Everything changes** 

When you love some, love some, love someoneEverything changes Standing in the light of a bright new sun

Everything changes

When you love some, love some, love someone Everything changes
