

# In the Streets

## Rancid

Kristine with the wild grin, ain't no future in the world yer in  
You'll leave my heart broken, one thousand times again  
Kristine with the wild grin, ain't no future in the world yer in  
You'll leave my heart broken, one thousand times again  
The cops will come out when the sun goes down  
Yeah  
From dawn to dusk while the dead rob the town  
Right!  
When the corpses walk they don't make a sound  
Cause the baddest of the bad are coming around  
The street is wicked and it's wild and it's free, yeah  
A concrete jungle from here to the seas, you know?  
It ain't the top man where you want to be  
Well it's a long way to go and it's a one way street  
Kristine with the wild grin, ain't no future in the world yer in  
You'll leave my heart broken, one thousand times again  
You ain't got nothing when yer born to lose  
You're all filled up with the pills and the booze  
Ya standing on the street corner singing the blues  
The end of the world is the path you choose  
The city's hot but you go it alone  
And a, the city block is another war zone  
And a, the city kids an' they ain't got no home  
An' hit me the brick then we'll all get stoned  
Kristine with the wild grin, ain't no future in the world yer in  
You'll leave my heart broken, one thousand times again  
Kristine with the wild grin, ain't no future in the world yer in  
You'll leave my heart broken, one thousand times again  
Sing it!  
In the streets you're never alone!  
In the streets you're never alone!  
In the streets you're never alone!
