Poppin'

Chris Brown

S-s-say what yo' name is
Ooh yeah, that fits you girl
Tell me where you headed
Can I walk with you girl?You got that look in yo' eyes
That look, like you give yo' boy here a good ol' time
And I'm on it, girl, that's right I'm on it, girlSee this is the first time I had a girl
Who looks set me on fire
I'm really tryna get to know you better, girl
You ain't gotta act like you shy'Cause we gon' do something
Something is gon' get done
And we gon' get crunk
And have a lot of funAnd I say shawty, shawty
She wearin' her hair, she breakin' them jeans
She talking that talk just l-l-like I like it
She keep it on and poppin'
Shawty keep it on and poppin', ooh yeahShawty, shawty
The way you wearing that top got yo' boy so hot
Ain't no mistaking, playing or faking
You got me open and waitin' and poppin'
You keep me on and poppin', oohUh uh, let me tell you, yeah
I'm tryna keep my swagger but you 'bout to have me, girl
Jump through about four or five hoops of ooh baby
Let's take ya to the hood so the people can see you, girl
Oh yes, you're mean and vicious, the way you switchin'Now I say this is the first time I had a girl
Who looks at me on fire
I'm really tryna get to know you better, girl
You ain't gotta act like you shy'Cause we gon' do something
Something is gon' get done
And we gon' get crunk
And have a lot of fun
Ooh, ooh, oohShawty, shawty
She workin' her hair, she breakin' them jeans
She talking that talk just l-l-like I like it
She keep it on and poppin'
Shawty keep it on and poppin'
Ooh yeahShawty, shawty
The way you wearing that top got yo' boy so hot
Ain't no mistaking, playing or faking
You got me open and waitin' and poppin'

You keep me on and poppin', oohShawty, shawty
She wearin' her hair, she breakin' them jeans
She talking that talk just l-l-like I like it
She keep it on and poppin'
Oh, poppin'Shawty, shawty
The way you wearing that top got yo' boy so hot
Ain't no mistaking, playing or faking
You got me open and waitin' and poppin'
Shawty got me poppin'You make me feel like a winner
Girl, I wanna say
Let me put my hands around your waist
While the background sing'Cause we gon' do something
Something is gon' get done, oh yeah
I'm about to have a fit
'Cause you're my number oneShawty, shawty
She wearin' her hair, she breakin' them jeans
She talking that talk just l-l-like I like it
She keep it on and poppin'
Shawty keep it on and poppin'

The way you wearing that top got yo' boy so hot
Ain't no mistaking, playing or faking
