

# My Old Man

## Tonic

Me and my old man  
Don't see eye to eye  
We take our walks outside  
Underneath the birch trees  
He said, "I think it's gonna freeze this year"  
I said, "I gotta get away from here"  
Me and my old man  
Me and my old man  
Should've been enough to know  
That you'd let us all down  
Could've been enough to try  
Without making a sound  
It's all part of the plan my dear  
It's all part of the plan my dear  
So we walked along the mending wall  
Laid beneath the tortured talls  
And we sang a song of newfound cheer  
Laughed at the passing years  
Yeah we talked about things to come  
Talked about the battles won  
He said "I think it's gonna freeze this year"  
I said "I gotta get away from here"  
Should've been enough to know  
That you'd let us all down  
Could've been enough to try  
Could've been enough to try  
Oh I've been such a fool  
Spent my life waiting for you  
Through these trees I see  
With my father's eyes I realize the weight  
Should've been enough to know  
That you'd let us all down  
Could've been enough to try  
Without making a sound  
It's all part of the plan my dear  
It's all part of the plan my dear  
It's all part of the plan my dear  
Between me and my old man  
Just gotta get away from here

Gotta get away from here  
Gotta get away from here  
Gotta get away from here  
Gotta get away from here
