

# Save My Soul

## Wimple Winch

Just like my sister with a spinning top,  
You whip me round and round and round and I can't stop.  
I'm running after you just like a lovesick dog;  
Feeling like the little boy who's lost in the fog, yeah

Just like a fly who's attracted to jam;  
You put me next to you and baby that's what I am.  
Your messing me up just like a broken toy;  
Stick me back together again say I'm your boy.

But I carry my pride like a burning cross.  
I won't let you buy it not at any cost.  
You ain't got the hold on me you had before;  
I got to get my self away and save my soul!

[shouted w/ guitar break]  
Get out of my way you! You ain't no good! â€¦ Bad!

Just like a string on a fiddlers bow,  
You got me all so tensed-up tight you won't let me go.  
The price I pay to keep your love is much too high.  
If you quit me, it will hit me, baby I'll die!

But I carry my pride like a burning cross.  
I won't let you buy it not at any cost.  
You ain't got no hold on me, you had before;  
I got to get my self away and save my soul!

Yeah I said I carry my pride like a burning cross.  
I won't let you buy it not at any cost.  
No no no you ain't got no hold on me, you had before;  
I got to get my self away and save my soul! yeahhh

Save my soul woman â€¦ get off my back! â€¦ Are you!?  
You're dragging me down baby â€¦ Leave me alone!  
Oh yeah
