Tonight

Dude York

I was at the bottom, dreaming of the top of the pond
The rain dropped and it shook my whole world apart
Went for a swim just to see if he was out there to find
I'm sure he's there but seems like all he ever does is hide
If he were like me, we could be happy

[Chorus]
But clearly we're too different; I guess that means it's the end
The way you talk to me makes me feel like just a friend
I might be wrong, but at least I'm sure that you're not right
Let's wrap this up, there's somewhere else I gotta be tonight
Tonight x3

Holy cow, the air feels so fucking good
From where I stand, I can see straight into the woods
And to the other side, where everything's okay
I don't know when, but I'm sure we're gonna be there someday
And I hope it's soon, 'cause I really miss you

[Chorus]

Clearly we're too different; I guess that means it's the end
The way you talk to me, I know that I'm just a friend
I might be wrong, but at least I'm sure that you're not right
Let's wrap this up, there's somewhere else I gotta be tonight
Tonight x3
