Point of View

American Young

from my point of view
to my right
theres a pretty girl who sings
sometimes i cant believe
that shes still standing next to me
to my left
it depends on the day
whether he does or doesnt hear a single thing i say
and its hard
it aint a round trip ticket
its a life time commitment from the heart
and every roads a long way
its having life in the wrong lane
and im only here because of you
from my point of view
from my point of view
she can talk
a hundred years right off
but theres no one else id ever call if i's ever feeling lost
and we can fight
like stepped on rattlesnakes
but hes so cute i cant stay mad at that angry little face
and its hard
it aint a round trip ticket
its a life time commitment from the heart
and every roads a long way
its having life in the wrong lane
and im only here because of you
from my point of view
out of billions on this earth
if i had to choose just one
its him
its her
from my point of view
shes the one
that you run from on a plane
cuz she sits down right beside you and starts with
"hey im Kristy whats your name?"
and interrupts, see

oh like you got room to talk
your a big ole mess but i still love you and all your flaws
and its hard
it aint a round trip ticket
its a life time commitment from the heart
and every roads a long way
its having life in the wrong lane
and im only here because of you
from my point of view
