

# Queen of the Troubled Teens

## Idlewild

He can't take it all in  
He refuses to take it all in  
He has no idea where he's at or where he's been  
And he asks himself who  
Will be the queen  
Of the troubled teens? Who will be the queen  
Of the troubled teens? Who will be the queen  
Of the troubled teens? Pull out his lies then apologize  
Pull out his lies then apologize  
Pull out his lies then apologize Pull out his lies then apologize  
Pull out his lies then apologize  
Pull out his lies then apologize But are apologies really accepted?
