Something New

Jody Watley

I used to say when I fell in love, it'd be forever
But time has made me realise, it's not so easy, no
Time and time again I dream of losing you
But I know that I won't let that dream come true, oh oh ohChorus:
I'll try something new
I'm gonna keep, gonna keep my love for you
Let's try something new
Gonna keep, gonna keep this love for youThere is an important thing known as passion
Gotta keep it going strong, everlasting
It's up to you and I to do all we can do, yeh
Making sure we make the best of our time
Baby baby babyChorus:
I'll try something new
I'm gonna keep, gonna keep my love for you
Let's try something new
Gonna keep, gonna keep this love for youYeh, yeh, yeh
Baby, baby, baby
Yeh, yeh, yeh, yeh, yeh, yehTime and time again I dream of losing you
But I know that I won't let that dream come true
Baby, baby, babyChorus:
I'll try something new
I'm gonna keep, gonna keep my love for you
Let's try something new
Gotta keep, gotta keep this love for youChorus:
I'll try something new
I'm gonna keep, gonna keep my love for you
Let's try something new
Gotta keep, gotta keep this love for youRepeat Chorus and ad lib to fade
