

# You Don't Know (Julian Beeston Mix)

## Berlin

We cross the street  
You hold my hand, afraid to let it go  
And if I walked away and left you there  
Would you know why? You are the answers, now, you don't know  
You can be everything you don't know  
You won't believe it now, you don't know anymore  
You are the reason and the rhyme We walk into your room  
A mirror's caught your reflection  
You look away, you call to me  
To fill in the frame You are the only one, you don't know  
You are the fire of love, you don't know  
You can't believe it now, you don't know anymore  
You are the reason and the rhyme I walk this road and you follow me  
I don't know why You are the answers now, you don't know  
You can be everything, you don't know  
You won't believe it now, you don't know anymore You are the only one, you don't know  
You are the fire of love, you don't know  
You can't believe it now, you don't know anymore  
You are the reason and the rhyme  
You are your reason and your rhyme And if I walked away and left you there  
Would you know why?
