

# Just Like in the Movies

## Joan Jett and the Blackhearts

Standing on the corner  
Trying to hail a cab  
You tap me on the shoulder  
My heart about to stop, it was fine Yeah, you ask me for directions  
You was going my way  
I had no objections  
I couldn't be blase, you were fine Yeah, the move was so electric  
Yeah, you were so magnetic  
Yeah, just like in the movies  
Just like in the movies, yeah Thursday at the Plaza  
Friday at the Ritz  
You were all I wanted  
And we seal it with a kiss, you were mine Yeah, I felt your arms around me  
I was so secure  
I knew that love had found me  
I knew it couldn't go, you were mine Yeah, we look so fine together  
Yeah, love will last forever  
Yeah, just like in the movies  
Just like in the movies Yeah, get yourself together  
Yeah, love to last forever  
Yeah, just like in the movies  
Just like in the movies I just found a picture  
Dusty on the shelf  
Gazing at the mirror  
Smiling to myself, I'm alive Yeah, if is but a moment  
Yeah, wonder where it all went  
Yeah, just like in the movies  
Just like in the movies If is but a moment  
Yeah, wonder where it all went  
Yeah, just like in the movies  
Just like in the movies Yeah, yeah, just like in the movies  
Just like in the movies  
Just like in the movies
