

One of These Mornings

Moby

One of these mornings...
One of these mornings, it won't be very long
They will look for me and I'll be gone
One of these mornings, it won't be very long
They will look for me and I'll be gone
One of these mornings, it won't be very long
The will look for me and I'll be gone
One of these mornings ,it won't be very long
They will look for me and I'll be gone
I'll be gone and I'll be gone
I'll be gone and I'll be gone
I'll be gone and I'll be gone
One of these mornings, it won't be very long
They will look for me and I'll be gone
One of these mornings, it won't be very long
They will look for me and I'll be gone
I'll be gone and I'll be gone
I'll be gone and I'll be gone
I'll be gone and I'll be gone
I'll be gone and I'll be gone
I'll be gone and I'll be gone
