

Back to You

Jessica Simpson

When I first saw you, I already new
I was breakin' my own heart when I fell for you
I meant to be a moment of a lovers taboo When I let my mind wander
It brings me right back there to you
Hey, yeah What a beautiful house with this city lights view
No white picket fence, no porch swing for two
But the lights, they just sparkle like your eyes used to do When I let my mind wander
It brings me right back there to you Oh, back to you
(Hey)
Back you
(Back there to you) Ooh, back to you
(Yeah)
(Back to you) I'll get away as my chance to be free
'Cause I can't feel tied down to something I don't see
But what I see, marry it the world knows my place But I let my mind wander
It brings me right back there to you
Oh yeah, but I let my mind wander
It brings me right back Oh, back to you
Back to you
(Right back to you) Ooh, back to you
(Yeah)
Back to you How will you find me through the thunder and rain?
(Thunder and rain)
Cast away these clouds to feel so much pain Every time that I try, every time that I fly
(I try, I fly)
Every time that I say goodbye
It's 'cause I'm missing you, I'm missing you
Yeah, oh, when I want to be, it brings me right back I should find peace in the still of the night
I lie awake 'cause your not by my side
These arms of mine left empty 'cause you're not in life But I let my mind wander
It bring me right back there to you
Hey, I let my mind wander
It brings me right back there to you I let my mind wander
It brings me right back there to you Ooh, back to you
(Yeah)
Back to you When I let my mind wander
It brings me right back
Back there to you, back there to you
Hey, back there to you, back there to you
