

# You Will Always Be Mine

Collin Raye

(bob regan/chris lindsey)  
I love the way you move  
Like moon light on the sea  
The way your body calls me  
Like a secret melody  
The way you start a fire  
When you look into my eyes  
The way you always love me  
Until I'm satisfied There are moments  
When I love you  
Beyond the limits of my human heart  
I want to hold you  
And take care of you  
The way the angels watch over the stars  
Past the pull of earth  
Across the deep blue sky  
Through the universe  
Beyond the reach of time  
You will always be mine I don't know how you know  
Exactly what I need  
I don't how you found  
The man I want to be  
I don't how your sweet tears  
Make me see clear again  
I don't how you know  
I don't know how you go everywhere I've been There are moments  
When I love you  
Beyond the limits of my human heart  
I want to hold you  
And take care of you  
The way the angels watch over the stars  
Past the pull of earth  
Across the deep blue sky  
Through the universe  
Beyond the reach of time  
You will always be mine
