

# Big God / Raped Souls

## Fear Factory

In America today, every 25 fucking seconds  
someone is viciously raped, someone is brutally violated;  
250 times a day, someone is murdered, someone's life is taken,  
In America; This is America, This is America, and I love America,  
I love America! No remorse for the pain  
Look into the eyes of death  
Strong man cannot endure  
Big god of this earth Liar!  
Big god, no god! Take back this life  
Give back this world  
"Woe to you  
of earth and sea"  
Big god will always be Liar!  
Big god, no god!  
Burn! Raped Souls: God raped souls  
Of our lives  
Hammers crush all our lives  
Just like clockwork  
They'll crush our lives
