

The Trail We Blaze

Elton John

Look out new world here we come
Brave, intrepid and then some
Pioneers of maximum
Audacity whose resumes Show that we are just the team
To live where others merely dream
Building up a head of steam
On the trail we blaze Changing legend into fact
We shall ride into history
Turning myth into truth
We shall surely gaze On the sweet unfolding
Of an antique mystery
All will be revealed
On the trail we blaze Paradise is close at hand
Shangrila the promised land
Seventh heaven on demand
Quite unusual nowadays Virgin vistas, undefiled
Minds and bodies running wild
In the man behold the child
On the trail we blaze The trail we blaze is a road uncharted
Through terra incognita to a golden shrine
No place for the traveler to be faint-hearted
We are part of the sumptuous grand design Paradise is close at hand
Shangrila the promised land
Seventh heaven on demand
Quite unusual nowadays Virgin vistas, undefiled
Minds and bodies running wild
In the man behold the child
On the trail we blaze Changing legend into fact
We shall ride into history
Turning myth into truth
We shall surely gaze On the sweet unfolding
Of an antique mystery
All will be revealed
On the trail we blaze
On the trail we blaze
