

Goin' To a Graveyard

The Fuzztones

Went to the graveyard late last night
I had to get out 'cause I didn't feel right
Tired of my folks always trying' to fight
Sick of my girlfriend's ugly sight
Goin' to the graveyard
'Way from here
Goin' to the graveyard
Filled with fear
Thought it was the devil trying to drag me down
Restless spirits moving underground
Then I met a girl and held her in my arms
We made love on an old tombstone
Goin' to the graveyard
'Way from here
Goin' to the graveyard
Filled with fear
Ah, yeah! [Guitar Solo] Well, I woke up and I was all alone
Looked for the girl but she must have gone
Then I saw her name on that ol' tombstone
Now I know my lover ain't flesh and bones
UH-OH! Goin' to the graveyard
'Way from here
Goin' to the graveyard
Filled with fear
Uh, goin' to the graveyard
Said I'm going to the graveyard
Goin' to the graveyard
'Way from here.
