Affair

Hurts

Rough fleet on the river, ??
Where my troubles belong.
'Cause you know I love you,
But I know it's wrong,
But your body is all that I want.
Rosy affair,
You took my heart for a little while
Greatest mistake
I ever made was -
Loving you.
Rosy Affair,
I gave you my heart for a little while
Wish I could stay with you tonight.
I'm going home.
And we danced all night in the shadows,
Alone we stood in the crowd.
But I'm going crazy, now you're not around
You should find another lover, baby
Won't let you down.
Rosy affair,
You took my heart for a little while.
Greatest mistake
I ever made -
Loving you.
Rosy Affair,
I gave you my heart for a little while.
Wish I could stay with you tonight.

I'm going home.
So I can love you now, baby
So I can tell you
I talk to you Rosy.
If I stay here tonight
There'll be trouble,
But I don't want to pretend.
Cause I know that we'll make it
My heart just can't take it no more,
But I would rather lose a lover, baby, over it all.
Rosy affair,

Greatest mistake
I ever made.
Rosy affair,
For a little while, too long
Wish I could stay with you tonight.
Rosy affair,
You took my heart for a little while
Greatest mistake
I ever made -
Loving you.
Rosy affair,
I gave you my heart for a little while
Wish I could stay with you tonight
I'm going home
