

Voodoo

Ivies

Hey there Mr. Leaf Blower Man
Keep it down for goodness sake
It's way too early in the morning
Can't you please use your wooden rake?

You choose to ignore I
Even though me hungover
That's not being nice

So tonight, your head will be covered in lice
Voodoo spell on you
Voodoo Voodoo

You shouldn't have given that dirty stare
Voodoo Voodoo

Too late for sorry, go cut off your hair
Hey there old, old woman

Shopping for food at the store
Why'd you run your cart into I

And knock me eggs on the floor

Then took the last unbruised cantelope
And laughed so loud with glee

But you won't be laughing
"cause from now on it'll burn when you pee
Voodoo spell on you
Voodoo Voodoo

You couldn't have made I any madder
Voodoo Voodoo

That's why I put a curse on your bladder
Boodaloo Boodalay
Boodalee Boodalie

Are the words that he say
When you fuck with I

Voodoo

Hey there Mr. State Trooper
Me was only going 58

Please don't you write up that ticket
It'll ruin me insurance rate

You say you have a quota to meet
So straight to hell with I

Me have only one response

Boodalee Boodalie
Voodoo spell on you
Voodoo Voodoo
You cost I 80 dollars cash
Voodoo Voodoo
Me hope you like your new skin rash
