Don't Stop

Innerpartysystem

The road I walk is paved in gold
To glorify my platinum soul
I'll buy my way to talk to God
So he can live with what I'm notThe selfish blood runs through my veins
I gave up everything for fame
I am the life that you adore
I feed the rich and fuck the poorI got, you want
It just don't stop
I got, you want
It just don't stopThis is entertainment
Lies are entertainment
You are down on your knees
Begging me for moreThe road I walk is paved in gold
To glorify my platinum soul
I am the closest thing to God
So worship me and never stopThe wretched blood runs through my veins
I gave up everything for fame
I am the life that you adore
Now feed the rich and fuck the poorI got, you want
It just don't stop
I got, you want
It just don't stopThis is entertainment
Lies are entertainment
You are down on your knees
Begging me for moreDear future, I bought you
I own the rights
To let go, destroy you
This is my lifeDear future, I bought you
I own the rights
To let go, destroy you
This is my life insideI've got, you want
It just don't stop
I've got, you want
It just, don't stopThis is entertainment
Lies are entertainment
You are down on your knees
Begging me for more
Begging me for more
Begging me for more
