

Scream And Shout

Quiet Riot

Yeah
All right
Oh yeahOh, come on boysYour lights sheen nothing like sparkles
You look like you're toast
Put you hands up in the air
Treat me like a hostI wonder if you're ready
But I can't hear you breathe
My nerves are not quite steady
But you will only see thatI want more
(I want more)
So give it all
(Give it all)Scream
Scream and shout
Lose your minds
Let it out
Take me higher
Higher
Higher
Scream and shoutCoats are smaller in this asylum
I can see what's on your minds
Looking for some truth
Is what you really want to findCause we are pure escapists
Yes times are getting tough
We just want to rock and roll
We can't get enoughI want more
(I want more)
So give it all
(Give it all)Scream
Scream and shout
Lose your minds
Let it out
Take me higher
Higher
Higher
Scream and shoutHahahahahaha!You see that from the front row
We are shapes of things to come
You're handcuffed to your seat
And there is no place left to runYour brains are in our power
We ponder as we feed

A healthy dose of metal
And that's all you'll ever need I want more
(I want more)
So give it all
(Give it all)
Shout to the car
(Shout to the car)
I want it all, yeahScream
Scream and shout
Lose your minds
Let it outScream
Scream and shout
Lose your minds
Let it out
Out
Out!
