

Can't Slow Down

Lionel Richie

I know what's on your mind.
You feel you're wasting time.
 want to talk about it?
You feel there's something wrong.
 Don't feel like holding on.
 You better think about it.
 You say you jest can't see.
 Don't lay that hurt on me.
 What I'm trying baby.
Got something on my mind.
 Something I've got to find.
I'm on the move baby.[Chorus]
 You see I (can't slow down)
Got to keep movin' baby (can't slow down)
 No I (can't slow down)
 Oh (can't slow down)
Got to keep movin' on, oh baby.I'm out here on the run.
 Trying to get things done.
 Can you hear me baby?
You think my love's nowhere.
 You think I just don't care.
 Are you kidding baby?
Don't make me play no games.
 Too hard to just stay sane.
You know that time won't wait
 Why should I hesitate.
Got to do it baby.You see I (can't slow down)
I got to keep movin' baby (can't slow down)
 No I (can't slow down)
Can't stop baby, no (can't slow down)
 Got to keep pushin'
 Got to keep movin' on.
Oh, oh baby, ah, oh, oh baby.
