

Ayye Bitch

Tyga

(Ahughhh)

Uhh, ayye bitch, T-Raww

Bad bitch, fuck her better with the lights on

Me go psycho in that pussy, she don't mind at all

Me aah from Molly, now tell her fuck Big Sean

Physco, Micheal, niggas don't like no

Nigga gettin money want me dead like Castro

Yamper on my lap, they go Yonkers to my odd flow

Top flow telescope, watch your aunt die slow (fireflow)

Animal, cookie eat a rookie I'm Jahranimo

The diabolical, carnival

(Ahughhh)

Eat the shit now I got halitos, halatocious

I'm the dopest, nigga you ain't notice?

(neerrrww)

Drop 150 on the yacht, master I'm a mascre

The ice killed the watch

Fuckin' two bitches while my other bitch watch

My conceded bitch in London, she speaks so posh

Nigga that's that T9, nigga that's that roo-aah

She fucked the whole crew now the hoe too lie

These days too many lies, too many rhymes

Cashin' out gettin' mine

mothafucka then I'm out

(poww)
