

# Say You'll Stay (Acoustic Version)

## R5

It's summertime  
And you are all that's on my mind  
Every day  
It seems like we  
Could stay up and talk through the night  
Oh, what do you say? Say You'll Stay  
(Hey)  
Hey  
(Stay)  
I just keep on wishing, every day  
(Hey)  
Hey  
(Stay)  
No more running around  
Running around  
(No more running around, no, no, no, no more running around)  
When I'm around  
Just Say You'll Stay Ramona's hair  
(Ramona's hair)  
She looks so cute in the clothes she wears  
(Yup, so cute man.)  
Her lips so sweet  
(Her lips so sweet)  
And when I walk her to her door I'm thinking  
"Gee-ee-ee  
Just give me one more kiss, I'm begging, please?" Say You'll Stay  
(Hey)  
Hey  
(Stay)  
I just keep on wishing, every day  
(Hey)  
Hey  
(Stay)  
No more running around  
Running around  
(No more running around, no, no, no, no running around.)  
When I'm around  
Just Say You'll Stay And who  
Knows when we are together

We never wanna go, oh oh.  
And your love  
Flows through any kind of weather  
I just need to know  
To know  
That you  
You'll be there  
Every time I need you! Say You'll Stay  
(Hey)  
Hey  
(Stay)  
I just keep on wishing, every day  
(Hey)  
Hey  
(Stay)  
No more running around  
Say You'll Stay  
(Hey)  
Hey  
(Stay)  
I just keep on wishing, every day  
(Hey)  
Hey  
(Stay)  
No more running around  
Running around  
(No more running around, no, no, no, no running around)  
When I'm around  
Just Say You'll Stay
