Spitfire

The Prodigy

FireIf I was in World War Two, they'd call me Spitfire
If I was in World War Two, they'd call me Spitfire
If I was in World War Two, they'd call me Spitfire
If I was in World War Two, they'd call me, fireFire
You got to rise, get up and turn the place inside
I've got to fly, meet towards the burnin' sun
I've got to fly, gotta spit it out
'Cause you know that I canFire, a lonely Spitfire
SpitfireIf I was in World War Two, they'd call me Spitfire
If I was in World War Two, they'd call me Spitfire
If I was in World War Two, they'd call me, fire
If I was in World War Two, they'd call me SpitfireFire
You got to rise, get up and turn the place inside
I've got to fly, gotta spit it out
'Cause you know that I canFire, a lonely Spitfire
Fire, a lonely Spitfire
Fire, a lonely Spitfire
Fire
