Ordinary

[Thousand Foot Krutch](#)

Digging slowly, flowers growing
Beautiful from inside of me
Overlooking misrepresentation of my findings
Are we gonna come back to this?
How we ever gonna make a match to this?
Let's lay low like a mattress
Just be another one after thisYou could never stop this feelin'
I've got inside of me
And you could never fill these shoes
'Cause I refuse to lose
I'm just ordinary meDigging slowly, flowers growing
Beautiful from inside of me
Overlooking misrepresentation of my findings
Are we gonna come back to this?
How we ever gonna make a match to this?
Let's lay low like a mattress
Just be another one after thisYou could never stop this feelin'
I've got inside of me
And you could never fill these shoes
'Cause I refuse to lose
I'm just ordinary meYou could never stop this feelin'
I've got inside of me
I'm prepared to let this go
To let everybody know
I'm just ordinaryGrowin' up as an adolescent
So full of those questions got me second guessin'
My mind with the message and the mention of my
Progression, class is in session
How long will we all keep guessin'?When you've never been
It's so evident from your grumbling
Man, I wonder when we'll talk
If you wanna talk, take the mask off, we can rock
Shake it off, shake it off, shake it offOne! You can't make me feel this way
Two! You won't make me run away
Can't understand my chemistry
Laugh if that makes me ordinaryYou could never stop this feelin'
I've got inside of me
And you could never fill these shoes
'Cause I refuse to lose

I'm just ordinary meYou could never stop this feelin'
I've got inside of me
I'm prepared to let this go
To let everybody know
I'm just ordinaryOne! You can't make me feel this way
Two! You won't make me run away
Can't understand my chemistry
Laugh if that makes me ordinaryOne! You can't make me feel this way
Two! You won't make me run away
Can't understand my chemistry
Laugh if that makes me ordinary
