

# A Better Lie

## Pitchshifter

A better lie? Don't even try  
Is that the best that you can do?  
'Cause I don't believe you  
Is that the best that you can do?  
'Cause you said it's something new  
"Come on."  
And if I could be bothered I would think of a better lie  
(But I don't like you enough to even try)
