

Confessions

Destiny's Child

The day you pissed me off I told Mike to pick me up
I told him you was buggin' and I don't like to fuss
He said he would look out for me if I needed a friend
He took me to his house and then he invited me in
Then we sat on the couch, he put his arms around my waist
Knowin' I need lovin' then he gently grabbed my face
He kissed me like a guy could never kiss a girl before
So you know what happened baby, I need to say no more
I'm just confessing about some things I did
I might as well come clean, what you feel about that baby?
I'm just confessing 'bout the things I did
I might as well come clean, what you feel about that baby?
I'm just guessing that you through with me
'Cause I just came clean, what you feel about that baby?
I'm just guessing, are you through with me?
'Cause I just came clean, what you feel about that? Verse two
Remember the time you wondered where your money went
I called my friends and bought some clothes and took them on a trip
I met a dude that had a jeep and we talked all the time
He asked me 'bout my man and you know that I had to lie
He thought I had no man and I was chillin' by myself
Don't get mad 'cause I feel sad that's why I must confess
So many times I wanted to let you know my dirt
But every time you said you loved me, I knew it would hurt
I'm just confessing about some things I did
I might as well come clean, what you feel about that baby?
I'm just confessing 'bout the things I did
I might as well come clean, what you feel about that baby?
I'm just guessing that you through with me
'Cause I just came clean, what you feel about that baby?
I'm just guessing, are you through with me?
'Cause I just came clean, what you feel about that?
I was mad, what was I to do?
Never had any mind to play on you
Look at all the hurt you put me through
I can't tell a lie so I'm tellin' the truth
I was mad, what was I to do?
I never had any mind to play on you
Look at all the hurt you put me through

You know, you know
I was mad, what was I to do?
Never had any mind to play on you
Look at all the hurt you put me through
I can't tell a lie so I'm tellin' the truth
I was mad, what was I to do?
I never had any mind to play on you
Look at all the hurt you put me through
You know, you know
I'm just confessing about some things I did
I might as well come clean, what you feel about that baby?
I'm just confessing 'bout the things I did
I might as well come clean, what you feel about that baby?
I'm just guessing that you through with me
'Cause I just came clean, what you feel about that baby?
I'm just guessing, are you through with me?
'Cause I just came clean, what you feel about that?
Confess, come clean boo, yo , what you feel about that?
What you feel about uh, what you feel about that?
Confessing baby, misdemeanor
Destiny, uh uh uh , we out 2 0 0 0, one time, destiny
Thou shall now burn
