

# You Give Good Love

Lakisha Jones

I found out what I've been missing  
Always on the run  
I've been looking for someone Now you're here like you've been before  
And you know just what I need  
It took some time for me to see That you give good love to me, baby  
So good, take this heart mine into your hands  
You give good love to me, never too much  
Baby, you give good love Never stopping, I was always searching  
For that perfect love  
The kind that girls like me dream of Now you're here like you've been before  
And you know just what I need  
It took some time for me to see That you give good love to me, baby  
So good, take this heart of mine into your hands  
You give good love to me, never too much  
Baby, you give good love Now I, I can't stop looking around  
It's not what this love's all about  
Our love is here to stay, to stay Baby, you give good love, you give  
So good, take this heart of mine into your hands  
You give good love to me, never, never too much  
No, no, no, no, you give good love to me You give good love, baby  
You give good love, darling  
You give, you give, give it  
You give good love, wanna You give good love, baby  
You give good love, darling  
You give, you give, give it
