

Perfect Chemistry

Nevertheless

i haven't reached perfection,
but is that what she needs?
i haven't reached the wisdom,
that she should always heed and i,
i'm just a man.

i haven't died for her,
but i would.
i'll do whatever i have to!

i may not be,
her perfect chemistry!
but if i can love her like you do!
its all she needs!
(i haven't found the remedy!)

for every tear she cries!
but i'll try,
to be the ones whose,
by her side!

i may not be!
her perfect chemistry!
but if i can love her like you do!
its all she needs!

i may not be!
her perfect chemistry!
but if i can love her like you!
that's all she needs!

i may not be!(i may not be!)
her perfect chemistry!(her perfect chemistry!)
but if i can love her like you do!
its all she needs!
