Mile High

Morphine

Nothing's gonna shake me
And nothing's gonna to bring me down
Nothing's gonna shake me
And nothing's gonna to make me changeThat's the way I am and I'll always be the same
Yeah, oh, nothing's gonna shake me
Nothings gonna to make me change
That's the way I am and I'll always be the sameAnd it's one, two, three, four everybody out the door
Let's go everyone everbody's got a gun
One, two, three, today is so easy
It's just a little bit of that simple simplicity, owEverything is shimmering
(One, two, three, four, everybody out the door)
Let's go [Incomprehensible] fast
(Let's go everyone everybody's got a gun)And everything that happened to me
(One, two, three, today is so easy)
Happened to me for the best
(It's just a little bit of that simple simplicity)
OhGot an action packed extravaganza
I got a sweet haiku
I got the cash to cover the action
I got the soul for youThere's a flag I wanna fly
A mountain that I put in time
I was always on my wayNothing's gonna shake me
And nothing's gonna make me change
That's the way I am and I'll always be the sameMile high, mile high
Mile high, mile high
Mile high
