

# Snakemans Dance

## GG Allin & The Criminal Quartet

I'm a snake cold at heart  
I reveal nothing to you  
You only see what I want you to see  
My attack will leave no clues You'll never know what I'm thinking  
You'll not penetrate my layers of skin  
But when I'm triggered and on the edge  
My bind will suck you in Wrapped around my lies, I'll keep you paralyzed  
You think I give a fuck about you, but, but I'd rather watch you die  
Follow my down, to my underworld  
I'll lead you through many thoughts as I strip you to the bone  
I'll confront you with my many colors  
I'll dazzle you with my eyes  
But when it's all been said and done  
You're death will be my high Dance with me in my pad  
Dance with me in Hell  
Now that you've met the Snakeman  
How weak did I make you feel? I'm a snake cold at heart  
I reveal nothing to you  
You only see what I want you to see  
My attack will leave no clues  
You'll never know what I'm thinking  
You'll not penetrate my layers of skin  
But when I'm triggered and on the edge  
My bind will suck you  
My bind will suck you  
My bind will suck you... in
