

The Return

Antestor

The art of the Y
Is the excellence of X
Corroding is for autumn
Renewing is for springThe art of the Y
Is the excellence of X
Corroding is for autumn
Renewing is for springRecovering of the dead
Impossible for the living
The making of a copy
Is destruction of mankindThe earth is in it's autumn
The leaves have hit the ground
Corroding this earth is dying
Not knowing, you'll face the end
