Baby, you're so complicated  
The way you put me down  
And when we go out with your friends  
You act like you don't want me around  
And I get so frustrated  
How everything ends in a fight  
Why bring out a candle  
when you don't even care to see the light?  
And everytime you make me cry  
Every time you make me cry  
And every time you make me cry  
I love you a little bit more  
And every time we start to fight  
We never seem to get it right  
And every time you make me cry  
I love you a little bit more  
Baby, we're so complicated  
Took a good thing and turned it around  
I scream so loudly  
And you pretend not to hear the sound  
I get so frustrated  
I feel like you crossed the line  
Sometimes you love me  
And sometimes you act like you don't have the time  
I'm ready to give up  
Then you remind me why I even started loving you  
It's the hardest thing I ever had to do  
And I get so frustrated  
How everything ends in a fight  
And then you tell me you love me  
Then change your mind by the end of the night

And every time you make me cry  
Every time you make me cry  
And every time you make me cry  
I love you a little bit more  
And every time we start to fight  
We never seem to get it right  
And every time you make me cry  
I love you a little bit more  
(Puff-Puff)  
You're so complicated  
I must make an abrupt statement  
I just hate that your lust faded  
I'm frustrated  
I'm suffocating 'cause you're choking me blue  
You push me off the edge and now I'm broken in two  
Where half of me decides not to recognize your lies  
and the other half of me just wants a moment of truth  
My emotions are through  
Twisted like the chains of a park swing  
'Cause you're a puppeteer pulling on my heart strings  
You're an alien  
Mothership with a tracker beam  
Pulling me, attracting me back into this catastrophe  
I put novacaine on my solar game  
And still the pain hurts  
Lemme clarify exactly how my brain works  
I love you and I hate you  
I love you then I hate you  
I love you then I hate you  
I wanna leave  
But I'll be back, I'm sure  
But every time you make me cry  
I love you that much more  
(Benetar)  
And every time you make me cry  
And every time you make me cry  
And every time you make me cry  
I love you a little bit more  
And every time we start to fight  
We never seem to get it right  
And every time you make me cry  
I love you a little bit more  
(x2)  
And every time we start to fight  
We never seem to get it right

It always comes back down  
You're so complicated
