

My House

Kacey Musgraves

Who needs a house up on a hill,
When you can have one on four wheels
And take it anywhere the wind might go
You don't ever have to mow the yard
Just hang a map and throw a dart
Pray to God the engine starts and go
Water and electric and a place to drain the septic
Any KOA is A-OK as long as I'm with you
So come on hitch your wagon
To the living room I'm draggin'
If I can't bring you to my house
I'll bring my house to you
Parking lots and county lines
and counting on market signs
Where the buffalo and antelope roam
Greetings from Niagara Falls
One more postcard for the wall
Off in our home sweet home away from home
Water and electric and a place to drain the septic
Any KOA is A-OK as long as I'm with you
So come on hitch your wagon
To the living room I'm draggin'
If I can't bring you to my house
I'll bring my house to you
In Washington, in Idaho
In Oregon and away we go
To Tennessee and Arkansas
No we won't stop 'til we've seen 'em all
'Til we've seen 'em all
So what else could you ask for?
You don't even need a passport
To see the whole world from our living room
So come on hitch your wagon
To the happiness I'm draggin'
If I can't bring you to my house
I'll bring my house to you
If I can't bring you to my house
I'll bring my house to you
It don't matter where we go
We'll never be alone
Anywhere besides you
Is a place that I'll call home
