

Obvious

Westlife

Yeah, ooh
We started as friends
But something happened inside me
Now I'm reading into everything
There's no sign you really like me, baby You don't ever notice when I'm turning on my charm
Or wonder why I'm always where you are I've made it obvious
I done everything but sing it
I've crushed on you so long
But on and on you get me wrong
I'm not so good with words
And since you never noticed
The way that we belong
I'll say it in a love song I've heard you talk about
(Heard you talk about)
How you want someone just like me
(Just like me)
Ooh
Every time I ask you out
(Time I asked you out)
We never move pass friendly, no no You don't ever notice how I stare when we're alone
Or wonder why I keep you on the phone I've made it obvious
I done everything but sing it
I crushed on you so long
(So long)
But on and on you get me wrong
I'm not so good with words
And since you never noticed
The way that we belong
I'll say it in a love song, yeah You are my very first thought in the morning
And my last at nightfall
You are the love that came without warning
I need you, I want you to know I've made it obvious
So finally I'll sing it
I've crushed on you so long
Oh yeah
Wo ohh
I'm not so good with words
Since you never noticed
The way that we belong

I'll say it in a love song The love song, I'll sing it until the day you're holding me

Ooh

I've wanted you so long but on and on you get me wrong

Ooh yeah

I more than adore you but since you never seem to see

(More than adore you) Since you never seem to see

I'll say it in this love song
